Re: Alberta Recreation Corridors Coordinating Committee

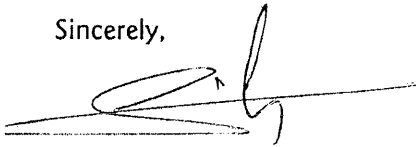

Dear Mr. Ducharme,

Thank you for responding to my letter to the Premier regarding the Alberta Recreation Corridors Coordinating Committee.

Our request was to have expert representation on this committee. In your letter, you indicated that 'there is an abundance experience on the committee for motorized users of all kinds'. Would you, therefore, be kind enough to forward the name(s) of the person(s) who will be speaking on behalf of the four-wheel drive community so that we may approach these persons with our specific concerns?

Please accept my thanks in advance for your attention to this request.

Sincerely,
