Mr. Simon Smotkowicz  
Alberta Four Wheel Drive Association

Dear Mr. Smotkowicz:

Thank you for your letter of May 18, 2006, responding to my earlier letter of May 2. As I stated previously, I appreciate your concern regarding four wheel drive representation on the Alberta Recreation Corridors Coordinating Committee. However, both Ray Danyluk, the Committee Chair and I are confident that the combined expertise of the committee members can adequately cover this area of trail users and operators. In committee meetings to date, this has proven to be the case.

All vacancies on the committee have been filled and no additional members are being added at this time. I have attached a copy of the News Release and Backgrounder listing the Alberta Recreation Corridor Coordinating Committee members for your information. Periodically, we will provide members of the public with updates on the committee work and I will ensure that your association is added to the circulation list.

Thank you for your interest in the work of this important committee.

Sincerely,

Denis Ducharme  
Minister of Community Development  
M.L.A. Bonnyville – Cold Lake
